About Crijo

CRIJO pyramid designs are for our sophisticated feline owners offering a constant reminder of the rich heritage and origin of cats dating back to their discovery in Ancient Egyptian Pyramids over 2000 yrs ago.

The Artisans at CRIJO are committed to producing the highest quality hand-crafted pet furniture on the market today. We have worked closely with veterinarians to insure that all of our "American Made" products are safe and pet friendly. We think green and ensure that every piece of furniture is built as if it were going in our own homes for our own pets. If you are searching for the ideal cat condo, cat tree, cat climber or scratching posts you will find or can design the perfect cat product made by CRIJO.
